

Exploring Our Ecosystems Through the Seasons

Winter Lake and Shoreline

What can learning more about the natural and local history of this region bring to our work? How can we support learning in these places?

Grab your boots, warm jackets, mitts and hats and join us as we explore and learn about the natural and people history along the shore of Okanagan Lake from the SS Sicamous west.

Join us on this FREE in-person outdoor workshop—a guided outdoor nature walk with Chandra Wong, Museum Assistant – Penticton Museum & Archives.

Coffee and hot chocolate provided. Please dress warmly!

Date: Saturday January 22, 2022 Time: 10:30am—12:00pm

Location: Meet at the SS Sicamous. For more information and to register [click here](#)
